25 September 2010

Dear Prof. Rudi Grimm,

It is our great honor to invite you to join the Advisory Board of the 26th International Conference on Low Temperature Physics (LT26), which will be held in Beijing, China during 10-17 August 2011. The LT Conferences are sponsored by the International Union of Pure and Applied Physics (IUPAP) through its Commission C5 on Low Temperature Physics. The mandate of the commission is to promote the exchange of information and views among the members of the international scientific community in the general field of low temperature physics. In accordance with the Commission, the main topics of LT26 are divided into five program categories. The Program Committee chaired by Prof. Lu Yu is subdivided into five subcommittees with two Directors each as follows:

- 1) Quantum Gases, Fluid and Solids
Prof. Moses Chan, Penn State University, USA
Prof. Wuming Liu, Institute of Physics, CAS, China
- 2) Superconductivity
Prof. Fuchun Zhang, University of Hong Kong, HK SAR, China
Prof. Nanlin Wang, Institute of Physics, CAS, China
- 3) Magnetism and Quantum Phases
Prof. C.L. Broholm, Johns Hopkins University, USA
Prof. Tao Xiang, Institute of Physics, CAS, China
- 4) Electronic Quantum Transport in Condensed Matter
Prof. Mikko Paalanen, Aalto University, Finland
Prof. Li Lu, Institute of Physics, CAS, China
- 5) Cryogenic Techniques and Applications
Prof. Yusheng He, Institute of Physics, CAS, China
Prof. Jukka Pekola, Aalto University, Finland

We would very much appreciate it if you, as a member of the Advisory Board, could

- a) kindly provide us with inputs regarding most interesting subjects and excellent speakers for plenary and semi-plenary presentations by the end of November 2010, and
- b) inform us of the latest developments and hot, controversial issues to be included in the program by March 2011.

We hope that you will accept our invitation. We would be very appreciative if you could let us know your decision before October 8. We shall assume that you have no objection if we do not hear from you by that date, and will mark your name with a note "to be confirmed" on the list to be publicized.

Yours sincerely,

Handwritten signature of Zhongxian Zhao and Li Lu, consisting of two distinct cursive signatures.

Prof. Zhongxian Zhao and Prof. Li Lu
Chairmen of LT26

Handwritten signature of Prof. Lu Yu, written in cursive.

Prof. Lu Yu
Program Chair of LT26
