

Content

S. A. Lurie, G. I. Kriven, L. N. Rabinskiy On strength of modified fiber composite with fuzzy fibers.....	1
A. M. Dumansky, M. A. Alimov, Hao Liu Regularities of nonlinear response of unidirectional carbon fiber reinforced plastic under strain rate loading.....	16
V. A. Nelyub Properties of carbon tapes with metal coatings.....	23
N. V. Selina Negative refraction in a multilayer metallodielectric nanostructure of cylindrical symmetry.....	28
G. Y. Buymistriuk Metrology challenges of nerve-similar optical fiber and distributed wireless sensor systems and networks.....	33
S. T. Mileiko Tony Kelly and Composites today — Part 1.....	35
